Capture of the Bender Family—Old Mrs. Bender Confesses to Some Horrible Crimes.

Another Skirmish with Victoria's Band on the Rio Grande.

A Torpedo Launch Blows Up a Vessel.

And Sends the Crew to a Watery Grave.

HAD BENDERS.

Some Damnable Testimony from Mrs. Bender.

Fremont, Neb., August 3.—There were important developments in the Bender matter to-day. Mrs. Bender made a full confession of all the horrible murders committed on John Bender's farm during 1872 and 1873. She was a widow when she married McGregor, alias Bender, who was a widower with four children. The family migrated from Missouri to Labathe, Kas., where, under the leadership of Kate, old John's daughter, the murders and robberies began. Mrs. Bender declares she had no personal hand in these crimes. The first man killed by them was a man named Bracon. Very soon after the first murder two strangers were killed. The woman was asked whether she remembered about a whole family being killed and she said, "Yes, I do." There was a man and wife and two little girls who drove up to the house one afternoon and wanted to spend the night. That night while the man and his wife were at supper they dropped through the holes, Kate and the old man were below; the man fought pretty hard, but they fixed him. Next day the two children were buried alive. Old Johnathan took one and Kate the other. They hollowed awful, but finally stopped and Kate came in and said "The damned bloats were all right now." Soon after this, according to the story, they became frigid and they gained the Cherokees or Choctaw nation. Many further details were obtained from the woman and if these are the original Benders the fact can easily be established.

VICTORIA'S BAND.

Have Again Been Routed by the United States Troops.

Chicago, Aug. 3.—The Denver, Col., Tribune's Santa Fe special news from El Paso states that Col. B. H. Guerson had a fight with Victoria's band of hostile Indians, about 100 strong, who attempted to go north into Texas on the 30th instant between Fort Quitman and Eagle Springs. He was encamped on the trail with a small party and believing the Indians wanted to make a break through his lines had sent the night before for reinforcements to Ft. Quitman and Eagle Springs. At 4 p. m. the 30th, Lieut. Finley and fourteen men of the 10th cavalry arrived and he immediately set to work fortifying his position. About nine Indians approached in force and attacked the camp. They were repulsed at 11 a. m. Capt. Grille, with two companies, arrived upon which a sharp engagement took place between the troops and Indians, which lasted about three hours. Lieut. Calladay was wounded, one soldier and 8 horses were killed. Capt. Nolan's command arrived at the scene of action from Fort Quitman. On the approach of these the Indians fled rapidly down the Rio Grande. Col. Grierson is of the opinion that the Indians will try to cross between Vanhorn and Eagles mountains and is disposing his troops to intercept them. Mexican troops are following on the Indians' trail on the other side of the

Rio Grande but have not been able to come up with them since the 23d.

DYNAMITE.

A Vessel and 150 Men Destroyed by a Torpedo Launch.

New York, Aug. 3.—The Star and Herald of July 22nd has a story of the loss of the Chilean transport, Loa, in Callao bay at Peruvian. The officer, in procuring a suitable launch, put a torpedo into it and over this he placed a false bottom resting on springs kept down by the weight of the cargo. He then loaded it with a choice assortment of fruits, vegetables and fowls and towing it toward the blockading squadron before daylight set it adrift. All day long that launch floated about, but towards 5 in the evening, fearing it would fall into neutral hands, a boat was sent to bring it back. The Loa, seeing a boat from shore making towards neutral vessels caught sight of the launch and turned towards it. The Loa lowered two boats to fetch the prize and it was brought along side and the discharge commenced. As the weight in the launch was diminished the machinery in connection with the torpedo was free, and in a moment 300 pounds of dynamite were exploded. The Loa was almost lifted out of the water and appeared enveloped in a mass of flames which resolved itself into dense clouds of black smoke; when this cleared away the vessel seemed not to have suffered, but suddenly she went down by the stern and disappeared. The Chilean blockading vessels were too far away to give assistance, but a ship-of-war of non-combatants quickly lowered boats and picked up about forty struggling in the water, of whom it is probable many will die. At least 150 men perished. The only officers saved are the second commander, (wounded), the doctor and one engineer. Every house in Callao was shaken to its foundation by the explosion and every ship in the bay shivered as by a fearful earthquake.

The Peruvians and Chileans, in the darkness which preceded the dawn of the 10th of last April, sent in a torpedo launch with the intention of blowing up the Union whose officers and men were ignorant of the enemy being within hundreds of miles of them. Had the union gone down here 200 hundred men would have perished, as have those of the Loa, by a secret blow.

A Lima correspondent says there is an ugly rumor going about that some men entered Haquegua, where the Chileans left their sick in care of the natives, and murdered every Chilean they could find. It is also rumored that the Chileans have sent a force to wreak terrible revenge.

A case of benzine or benzoline on the steamer Coquimbo exploded during her last voyage to Valparaiso, killing one man and making a breach of twenty feet in the side of the ship, fortunately above the water line.

Old Friends Going to a New Field.

Mr. E. A. K. Hackett, formerly of the Tribune, but now of the Bluffton, Ind., Banner, last Friday purchased the Fort Wayne Daily SENTINEL, and will greatly improve the paper typographically, and its editorial and news department as well. Mr. D. G. Hackett, now business manager of the Tribune, will occupy a similar position on the SENTINEL, and C. M. Hackett, lately connected with the press of this city, will fill the position of city editor. They will leave for Fort Wayne the latter part of this week to enter upon their respective duties. We most heartily wish all these gentlemen unbounded success in their new enterprise. Each of them has the business capacity and journalistic experience to give Fort Wayne a first-class daily paper. Mr. D. G. Hackett has so long been a fixture about the Tribune office that we part with him with reluctance. He was careful in the management of the financial part of this establishment, and in his new field we feel sure he will not be less careful and diligent. Cal has the ability to get up a racy and readable city department, and this he will do as soon as he gets the hang of the city. May their most sanguine expectations be realized.

Dr. Tanner Receives a Complimentary Cablegram.

Death of Maj. John E. Simpson, a Prominent Railroad Man.

Sir Bartel Frere to be Recalled from the Governorship.

Affairs in India Remain in an Unsettled Condition.

TANNER'S TRICK.

He Complains of Feeling Weak, but is Determined to Hold Out.

NEW YORK, Aug. 2.—For the first time since he commenced to fast, Dr. Tanner admitted this morning that he felt very weak. He said his stomach was in a bad condition, but expressed his ability to accomplish the undertaking. His eyes were lusterless, tongue furred and face pinched and haggard, still his watch-ers asserted that he had somewhat improved since Sunday. He had suffered from nausea three times since midnight. Small quantities of mineral water were administered during the night, and early this morning he swallowed two ounces of very hot water. At noon he was quietly resting.

He received the following cable dispatch from Paris: "Don't waste strength driving out; shut off all spectators and have only your doctors and attendants. Your experiment is watched here with great interest by scientists and ridiculed by fools. Hot weather is against you. Have courage, brave fellow, and hold on. Wish you success."

His physicians inclined to the opinion that the cable was sent by J. Marvin Sims, M. D., but Dr. Tanner, who seemed pleased with it, rather doubted it had come from that physician.

LOST HIS SPEECH.

A Singular Case for Medical Experts to Account for.

Richmond, Ind., Aug. 1.—The most singular case that has come under the notice of the medical fraternity for many years is that of Dr. Thomas Rose. About ten days ago he was missed from the breakfast-table, and his landlady, becoming alarmed at his absence, sent her husband to his store in search of him. At eight o'clock he found the store still closed, and none of his neighbors had seen anything of him since the day before. Knowing that he was in the habit of opening soon after five o'clock, they went to his lodging-room, and through a chink in the shutter, saw him lying on his face on the floor, apparently dead, with a pot of coins scattered about him. They forced an entrance to the room and found that he was unconscious, and evidently dying from the effect of poison. Physicians were summoned, and they pronounced his case one of acute vertigo, and thought his recovery doubtful. He remained unconscious for two days, and when he became conscious he was speechless, and although he has recovered completely he cannot speak a word, and there is nothing to indicate that he will ever regain the use of his vocal organs. He converses freely with the aid of a pencil, and says that he closed his store at 10 o'clock the night before he was found and took the cash drawer into his sleeping room. He was in the act of turning on the gas to count the contents of the drawer, when he suddenly felt a dizziness come over him and knew nothing more until he opened his eyes and saw a nurse sitting by him on the second day. He says his tongue refuses to move to his will, and he can not articulate the easiest sounds. His physicians are studying the case carefully.

Recalled.

London, August 2.—In the house of Lords this evening, Earl of Kimberley announced that Sir Bartel Frere

had been recalled from the governorship of the Cape of Good Hope. He said there had never existed between the government and Sir Bartel Frere the harmony essential for the public interest. A Bombay dispatch, dated to-day, says: "Communications with Cabul interrupted. The telegraph wire has been cut between Pezwan and Sattleband."

Public Debt Statement.

Washington.—The debt statement shows the decrease of the public debt during July to be \$5,578,053; cash in treasury \$198,890,405; gold certificates, \$7,884,600; silver certificates \$12,689,290; certificates of deposit outstanding \$15,585,000; legal tenders outstanding \$346,681,016; fractional currency outstanding \$7,205,710; refunding certificates outstanding \$11,167,450; debt less cash in treasury \$1,936,596,241.

Affairs in India.

London, August 2.—A Calcutta correspondent declares it is the general impression that General Sir Frederick Haines, Commander in Chief of the military forces in India, is greatly to blame for the disaster to General Burrow's command.

The Playful Revolver.

Lancaster, Pa., August 2.—While Frank Stevenson, aged ten, and his brother Willie, children of Wm. Stevenson, of Columbia, were playing "burglars" with their father's revolver, the weapon was discharged, and Frank was instantly killed.

His Last Trip.

St. Louis, Mo., August 2.—Major John E. Simpson, general manager of the Vandalia railroad, died this morning without having returned to consciousness since first attacked, Saturday. The remains will be taken to Michigan City, Ind., for burial.

Cornice Carnival.

Freeport, Ill., August 2.—Last night a cornice, loosened by the high wind, fell to the sidewalk, killing Miss Bertha Dietrick and dangerously injuring a Miss Mezenkamp.

Removing the Obelisk.

New York, August 2.—The work of removing the obelisk from the ship which brought it here from Egypt was begun to-day.

Death of a Seaman.

New York, August 2.—John McBride, a seaman taken from the Havana steamer Major, died in the quarantine hospital to-day.

CONDENSED TELEGRAMS.

The city of Montreal arrived from New York at Queenstown. Trickett and Hanlan, the oarsmen, have made a second deposit of £50.

The city of Chester from Liverpool brought \$525,000 of foreign gold coin to New York.

Another one hundred amnestied communists arrived at Paris from New Caledonia.

The steamer Marseilles was towed to London by the steamer City of Chester, with a shaft broken.

Col. Bodine, captain of the American rifle team, which won in Ireland, has arrived home in New York.

Arrived at New York: The steamships Somerset, from Bristol, Pontiac from Marseilles and Harald from Copenhagen.

Arrived at Queenstown: The steamer Pennsylvania, from Philadelphia, in charge of the first officer. Capt. Harris died on the passage.

A Paris correspondent telegraphs that if the porte promptly settles the Montenegrin question, naval demonstrations by the powers will be suspended.

There is being distributed in Turkish military circles a printed account of the Afghan disaster, charging the British troops with cowardice and their leaders with utter incapacity.

At Calcutta one leader, Rumpas, of the rebellion, has been shot and several sentenced to various terms of imprisonment. The rebellion, however, shows no sign of collapsing, as the British troops cannot stand the unhealthy climate.

A QUEER QUARTETTE

Was That Disposed of by His Honor This Morning.

A fair sized delegation showed up at City hall this morning to receive spiritual instructions. The entire crowd seemed to have been procured especially for the occasion and the diversity of toilets could not fail to attract attention anywhere. On the whole the crowd seemed to be a bad one in every respect, and there seemed to be much enough in it to clean out a town about the size of Fort Wayne on short notice.

The first name on the docket was Felix Achien, and when Diehl yelled out "Felix Achien," an old grip sack, a suit of clothes that would not impress one with the idea that their owner was a bonanza ring, and a man moved up towards the bar. Felix's breath, though, would impress one with the idea that he was a distillery, or something of that nature. It was decidedly "loud," and one sniff of it caused Falter to become dizzy.

Felix has not been in America very long, and therefore is not what might be called a finished English scholar, but he is an adept in the art of whiskey drinking, and his proficiency in the latter direction just cost him two dollars, which his honor said would appease the greed of the law in Felix's case.

The next victim was a verdant son of Erin, whose devotion to the land of his birth is only equalled by his great regard for the "ardent." The peninsula connecting his head and shoulders was ornamented with a handkerchief about the size of the American flag and his eyes emitted a brilliancy rivalled only by the orb that threw its rays in at the open window, and let them play hide and seek in the subtle locks of the affable Diehl. Patrick Cary was the appellant under which the gentleman labored, and when asked if he had been drunk, he arose majestically and addressed the assembly thus: "No sir, I was not drunk, but sir I had a little taken and I was feeling bad, sir, and when a man feels bad, sir, he likes a little drop you know, sir, so please let me go, sir. This burst of eloquence had a thrilling effect on his honor, and indeed him give Mr. Cary 60 days in the cruckery, where he will make geological researches, and probably some very important discoveries.

Geo. Underwood also got elevated last night, as it were, and as a consequence George was on hand this morning to answer for his "elevation," and the way the mayor sat down on him was something frightful to behold. It seems that George was not inclined to accompany the policeman who arrested him, but he must have changed his notion for George's "phiz" was visible to the naked eye at police court, and when the mayor saw him he didn't want to parley but just said \$10 and costs.

William Taylor, a p. d., (plata drunk), also contributed \$5 to the city treasury, being the price of a "hoarsh" in which William indulged yesterday.

A QUEER QUARTETTE

Was That Disposed of by His Honor This Morning.

A fair sized delegation showed up at City hall this morning to receive spiritual instructions. The entire crowd seemed to have been procured especially for the occasion and the diversity of toilets could not fail to attract attention anywhere. On the whole the crowd seemed to be a bad one in every respect, and there seemed to be muscle enough in it to clean out a town about the size of Fort Wayne on short notice.

The first name on the docket was Felix Achien, and when Diehl yelled out "Felix Achien," an old grip sack, a suit of clothes that would not impress one with the idea that their owner was a bonanza ring, and a man moved up towards the bar. Felix's breath though, would impress one with the idea that he was a distillery, or something of that nature. It was decidedly "loud," and one sniff of it caused Falter to become dizzy.

Felix has not been in America very long, and therefore is not what might be called a finished English scholar, but he is an adept in the art of whiskey drinking, and his proficiency in the latter direction just cost him two dollars, which his honor said would appease the greed of the law in Felix's case.

The next victim was a verdant son of Erin, whose devotion to the land of his birth is only equalled by his great regard for the "ardent." The peninsula connecting his head and shoulders was ornamented with a handkerchief about the size of the American flag and his eyes emitted a brilliancy rivalled only by the orb that threw its rays in at the open window, and let them play hide and seek in the sable locks of the affable Diehl. Patrick Cary was the appellant under which the gentleman labored, and when asked if he had been drunk, he arose majestically and addressed the assembly thus: "No sir, I was not drunk, but sir I had a little taken and I was feelin bad you know sir, and whin a man feels bad sur, he likes a little drop you know sur, so please let me go sur. This burst of eloquence had a thrilling effect on his honor, and induced him to give Mr. Cary 60 days in the crackery, where he will make geological researches, and probably some very important discoveries.

Geo. Underwood also got elevated last night, as it were, and as a consequence George was on hand this morning to answer for his "elevation," and the way the mayor sat down on him was something frightful to behold. It seems that George was not inclined to accompany the policeman who arrested him, but he must have changed his notion for George's "phiz" was visible to the naked eye at police court, and when the mayor saw him he didn't want to parley but just said \$10 and costs.

William Taylor, a p. d., (plain drunk,) also contributed \$5 to the city treasury, being the price of a "hoorah" in which William indulged yesterday.

HORRIBLE ACCIDENT.

A Man's Legs Entirely Severed from His Body.

One of the most distressing accidents that has occurred in this city for some time past took place last night in the Wabash yard near the Fairfield avenue coal chutes. A SENTINEL reporter, on learning of the affair, immediately sought about to obtain a correct version of the occurrence. Below will be found all the facts in the case as obtained from night watchman Brooks of the Wabash.

Shortly after eleven o'clock last night a man giving his name as Edwin Glynn, went to the south depot for the purpose of going to Woodburn, where he resides with his family. He was highly intoxicated at the time and was noticed by Officer Brooks wandering around the cars, and as he was in great danger of being killed the officer took him and laid him on a truck on the platform, where he apparently went to sleep. The officer then left him and went further down the yard.

About an hour after, while walking down the track near the coal chutes, he heard groans and immediately proceeded to find out from whence they came. After looking for a few minutes he came upon the prostrate form of the man he had left sleeping on the truck. When found one of the unfortunate man's legs was lying entirely severed from his body, while the other was attached to the apparently lifeless body, by a mere thread of flesh. The man was unconscious and the officer at first supposed that he was dead. A light and assistance was procured when it was found that the man was still alive. A physician was summoned, who ordered him removed to the St. Joseph hospital, where the man now lies at the point of death. He is the father of a large family and his death would be a severe blow to them.

ROME CITY.

What Has Happened Here During the Past Week.

[Correspondence of the SENTINEL.]

Rome City, August 1.—The democrats of this (Orange) township met at the school house Saturday night and organized a Hancock and English club. The meeting was called to order by Thomas Smith, who acted as temporary chairman. The attendance was larger than was expected, as it was not generally known throughout the township, that there was to be a meeting. There were about 50 persons enrolled their names to work for the next president and vice-president of the United States. The following officers were elected: President, Mart Hall; vice-president, treasurer, Rufus Meyers; secretary, Allen Rounting; corresponding secretary, E. W. Hearn. The meeting adjourned until next Saturday evening when good speakers will be in attendance.

One of the best behaved and largest picnics of the season was one from Sturgis last Thursday. There were but few, if any, intoxicated persons seen during the day, which is a very rare occurrence for a northern excursion. Sturgis may well be proud of herself.

Fifteen coaches loads off the Muncie p'nicked here Saturday.

The boys here think Decatur has a nice lot of young ladies.

C. W. struck a flame from the south Saturday.

Mayor Zollinger and family, of Fort Wayne, Sundayed here.

Nelson Bowser, of the G. R. & I. telegraph office at Fort Wayne, was in town Saturday, and gave your correspondent a call. Come again "Slim."

The residence of Mr. John Teal was burglarized Saturday evening.

The thieves secured all the money Mr. Teal had about the house, also a large amount of jewelry, consisting of some very fine lockets, ear-rings, bracelets, etc. Mr. Teal estimates his loss at about \$100. No clue to the thieves.

E. W., of Kendallville, took a bath in the lake with his clothes on. He does not think much of Rome. H.

Buy the P. F. W. & C. R. W. five-cent cigar at H. Gerardin's.

During camp meeting at Petoskey commencing July 23d and continuing until August 7th, excursion tickets will be sold at one full fare for round trip. Tickets good to return until August 11th.

FITCH'S FASHIONS.

A "Sentinel" Reporter Visits Fitch & Keegan's Emporium.

In response to an invitation to visit their establishment and inspect their immense stock of hats, caps and gents' furnishing goods, a SENTINEL reporter this morning stepped into Fitch & Keegan's mammoth store on Calhoun street, and to say that he was surprised on witnessing the immense array of goods would but feebly express how he felt.

Undoubtedly this firm is in the midst of an era of prosperity. The store room is constantly crowded with customers, who are attracted thither by the immense bargains offered. It is needless to say that their immense patronage is well deserved as Messrs. Fitch & Keegan are young men who, during their business career in this city, have won many warm friends by their enterprise, industry and honesty. The trading public has confidence in them and the fullest success awaits them. They possess ample facilities for displaying their stock to good advantage and those who purchase of them once will become steadfast customers.

Coeese Chat.

[Correspondence of the SENTINEL.]
Coeese, Aug. 2.—Coeese is booming.

Rev. Strickland addressed a full house at the South church, Sunday.

Mr. McKinley will commence a select term of school here soon.

Mrs. Tonsley, who has been quite indisposed for the past week, is convalescent.

Ed. Haines' infant child died yesterday. Funeral services at the M. E. church, conducted by Rev. Strickland at 10:30 a. m.

A prominent young farmer north of this place and one of our pretty young lady clerks will soon be united in matrimony, so Dame Rumor has it.

The festival at the Christian church Saturday night was a decided success, the proceeds amounting to over \$50.

The lemonade was presided over by Charlie Foster, the confectionary by F. W. Clark and S. Mitchell, the bouquets by Tina York and Sae Vesta Pallen.

Mr. Hallenbeck's baby girl is no better. Her recovery is very doubtful. QUI VIVE.

The College Concert.

To the Editor of the SENTINEL.

I wish to take exceptions to some parts of the criticism on the closing concert of the musical normal given at the M. E. college on Friday evening of last week. The writer takes occasion to display what seems to be personal ill-will in criticizing the piano playing of my pupils and my method of teaching. Notwithstanding the opinion of the critic, I must contend that the instrumental numbers were well rendered, considering the limited time the performers have been studying music. In view of the fact that these ladies made their first public appearance on that night, the critic is hardly justified in stating that the "playing proclaimed the teacher, and that the playing was the echo of the teacher," &c.

I wish to say that the eminent critic ought to have been in the first place impartial. If anyone deserved to be criticised it was the playing by Prof. Heath of one of his celebrated compositions, consisting of a few chords. I do not want to speak of the professor's mistakes, as I suppose pressing business prevented him from practicing his part, but as to his touch, it was not playing, but pounding, and I think a man professing to be a piano teacher ought to know at least how to touch a piano. I can stand a fair criticism, but I do protest against articles gotten up by persons to injure me.

Respectfully,

A. Joost.

Attention, Dealers.

We call attention to the following communication on the article of yesterday entitled, "A Good Law," and will, in a few days, publish the article referred to:

COLUMBIA CITY, IND., August 2.

To the Editor of the SENTINEL:

DEAR SIR—I observe under the heading of "A Good Law," you call the attention of our legislature to an act of the Ohio legislature upon the subject of the sale of deadly weapons to minors.

By reference to 2d Davis 482, you will find an act approved Feb. 27th, 1875, prohibiting the sale, barter or gift of deadly weapons or ammunition to minors.

You had probably better publish it for the benefit of tradesmen, as some prosecuting attorney might stumble on to it and make it torrid for them. Yours for Hancock and Heaven, THOS. R. MARSHALL.

Attention, 8th Ward Democrats.

The democrats of the 8th ward are requested to meet at H. Hitzman's grocery, corner of Washington and Harmer streets, Wednesday evening, August 4th, at 7:30, P. M., for the purpose of organizing a Hancock and English club. Judge Lowry and other prominent speakers will be on hand to address the citizens of the banner democratic ward.
